

## FGV – VENT FILTER

### ABOUT US

Since 1990, Haldatec has been providing products and services to the Oil, Gas and related industries in Australia, Pakistan, Singapore, Papua New Guinea, India and New Zealand.

### ENPRO

Our house product label, EnPro, has been developed to complement our core business and has been driven by customer needs. Our comprehensive range includes innovative designs, adaptations and applications introduced to solve problems for our customers.

### STANDARDS

To ensure we provide the best possible support for our customers and suppliers, we have certification to ISO9001:2015.

EnPro Vent Filters have been designed to eliminate odours from gases.

This is primarily for small quantities of mercaptan that have to be vented when there is no other practical disposal method.

These devices can be adapted to accommodate other material compatible media.
